AAX_CEffectParameters

AAX_CPacketDispatcher

Implemented by Host

Default AAX Library Implementation

Parameter value automation handling

UpdateParameterNormalizedValue()
iParameterID: linker
iSource: AAX_eUpdateSource_Unspecified
IsParameterLinkReady()
inParameterID: linker
inSource: AAX_eUpdateSource_Unspecified
returns false

No linked parameter edit

Continue handling linker parameter update

Proceeds as above

UpdateParameterNormalizedValue()
iParameterID: linked
iSource: AAX_eUpdateSource_Unspecified
IsParameterLinkReady()
inParameterID: linked
inSource: AAX_eUpdateSource_Unspecified
returns false

No linker parameter edit

Continue handling linked parameter update

Proceeds as above

Current value handling

Identical to standard (unlinked) sequence
